5. The above information was gathered at my direction. UFCW ran a report of specific J-codes reimbursed by UFCW where a Fund member was also covered by other insurance. Once the report was created, I asked UFCW's claims department to identify those J-codes for which UFCW paid secondary to Medicare as described above. I then reviewed the report for accuracy. Because this search was only done on UFCW's active system and not on UFCW's back-up dates, it only reflects co-payments made from January 1, 2000, to April 30, 2003.

I declare under penalty of perjury that the foregoing is true and correct.

Date: 12-15-04, 2004

Daniel W. Ryan
